Projects

Composable Commerce Accelerator 2024-02-01 - 2024-09-30
Built to reduce delivery risk in MACH-based architectures and accelerate sales cycles; met high-availability requirements of a fashion retailer; supported full journey from discovery to payment; served as sales enabler and production foundation for 2 client projects; ensured reusability of cloud functions and integrations; educated teams on benefits of composable architectures;
https://www.algolia.com/developers/code-exchange/intive-mars-accelerator

UK challenger Bank 2023-07-01 - 2024-01-30
Guided UK challenger bank with 1.4 million active users through post-acquisition MarTech migration; From a heterogenous data architecture (multiple decentralized databases) towards a centralized data warehousing via complex ELT scripts; Replaced manual marketing with composable multivendor automation; Enabled 360-degree customer view and scalable analytics for rapid growth;

Intersport 2019-05-01 - 2021-11-30
Led development of a global multi-language commerce application; Represented client in 3rd-party technical and product discussions; Provided architectural guidance and specifications for the development team; Owned end-to-end product development;
https://www.intersport.de/app/

Deichmann 2019-10-01 - 2021-08-31
Developed a global multi-language retail application with strong omnichannel focus; Managed technology foundation to support roll-out in up to 30 countries; Directed architectural decisions to align with existing Hybris infrastructure and legacy APIs;
https://apps.apple.com/de/app/deichmann-schuhe/id634957574

Adidas 2019-04-01 - 2020-06-30
Delivered branded customer-facing Bluetooth product in cooperation with Google ATAP and EA Sports; Coordinated a team of engineers across global cross-company setup; Collaborated closely with lead developers under evolving requirements; Supported client in roll-out across 25 countries and assumed product ownership responsibilities; Represented client in technology-related 3rd-party discussions and roadmap preparation;

Esprit 2017-08-31 - 2018-10-30

Delivered a global multi-language retail application across 40 countries, including a dedicated China version; Provided architectural consulting to a distributed team of mobile and backend developers; Led engineering practices, requirements engineering, and expectation management as single client point of contact;
